Confidentiality Agreement: During the quotation and/or invoicing periods, the Seller may disclose information and may give material or documents to the Buyer. In consideration of Seller's disclosure, the Buyer shall treat such disclosed information, material and documents as confidential and proprietary; shall not disclose or give such information, material or documents to a third party and shall disclose such information and provide such material and documents only to those employees of Buyer whose knowledge of the information or use of the material and documents is reasonably necessary. The Buyer shall maintain Seller's information, materials and documents in the same manner as it would Buyer's information, materials and documents. This agreement does not apply to any information known to Buyer prior to receipt of such information from Seller, nor does it apply to any information generally known to the public.
